

Find Your Voice Through Art

MIDDLE GRADES ARTS

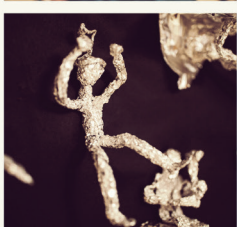

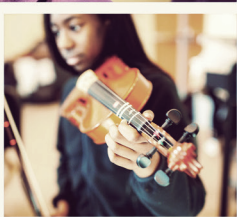

Your identity is taking shape, and our middle grades arts programs help you turn personal discovery into an artform. Engage your eyes, ears, voice, and hands in experimenting with expressing your true self through visual arts, photography, music, and theater.

Take your arts education to the next level by diving deeper into the mechanics of the craft. Open yourself to learning from the masters – and each other – as you paint, portrait, and perform your way to greatness. Art is what YOU make it.
