

# Home is Where the House is

## EXPLORE BOARDING SCHOOL

If you crave an independent experience fueled by friendships that span the globe and last a lifetime, our boarding program might be the answer. Students come from international destinations and across the United States to live in one of six English-style boarding houses on campus.

Your house is your home at Darlington, managed by a full-time Head of House who focuses exclusively on supporting your unique experience. They help you monitor schoolwork and accompany you to off-campus appointments, all while championing your academic, social, and leadership goals.

The boarding experience fosters independence, responsibility, and multicultural connections, providing an excellent springboard to college and life. And did we mention fun? In addition to weekend activities and excursions, there's RUMPUS – a weekend-long battle between the houses. Join the fight for glory!

## The Boarding Experience

- Grades 9 to 12
- 24-hour security
- 24/7 support from resident faculty
- First-year experience to help establish routines
- Peers from an average of 25 states and 30 countries
- Study hall sessions five nights a week
- Leadership opportunities within the houses
